CABINET & FURNITURE MAKING TRAINING

ENHANCING SKILLS IN OUR INDUSTRY

MSF30322 Certificate III in Cabinet Making and Timber Technology

Australian Cabinet and Furniture Association (ACFA) has been delivering industry-specialised training for the cabinet making, furnishing, kitchen and bathroom industries for over 26 years using our workplace-based training model.

ACFA takes pride in its commitment to empower the next generation of our industry through apprenticeship training and provide a pathway for upskilling our workforce. ACFA's workplace-based training model offers a personalised and flexible approach that sets us apart from other providers.

*ACFA does not guarantee employment on completion of training

One-on-one, hands-on training provided by our Industry Specialised Trainers

EFFECTIVE ONE ON ONE TRAINING

Our “we come to you” service offering guarantees a personalised training and assessment experience, while our rolling intakes enable apprentices to start their journey sooner, without the need to wait for the next round of enrolment days.

We're dedicated to making apprenticeship training efficient, effective, and tailored to your specific needs.

Nationally Recognised Qualifications

Workplace based training qualifications obtained through ACFA are nationally recognised.

Industry Specialised Trainers

ACFA trainers and assessors are qualified industry tradespeople with years of industry experience who maintain currency to ensure delivery of best practice training and assessment.

Enrol Anytime

ACFA takes enrolments on demand, no need to wait for semester beginning and end dates.

Training Subsidies

You may be eligible to complete your course fee-free through government funding. Eligibility criteria apply.

Flexible Delivery

Training is accompanied by an online learning platform removing the need for textbooks. Online learning is supplemented by workplace projects and observations.

Custom Fit Delivery

Training is customised to be delivered at your premises on your machinery.

Recognition of Prior Learning (RPL)

This qualification is available through ACFA's RPL Program for people who have been working in the industry for a while to be formally recognised as part of a national qualification using various methods of evidence.

FLEXIBLE ONSITE TRAINING

WHAT WE DO

- Develop a training plan that best reflects your business
- Get hands-on with the tools and machinery in your workshop
- Flexible scheduling of training and assessment visits
- Skills development incorporating current industry trends and trade practices
- One-on-one contact with the apprentice and a direct supervisor
- Real work projects and workplace assessments

WHAT YOU GET

- Apprentices and trainees get one-on-one contact with an ACFA trainer and assessor
- Real time updates on how apprentices are progressing
- Remove the need for your apprentice to travel or be released for block training
- Have input into their ongoing training and development
- Have developed and upskilled a team member as a valuable resource to your business

KEY LEARNING AREAS

- Safety in the Workplace
- Taking Measurements and making calculations
- Read and Interpret relevant plans and documents.
- Creating and understanding cutting lists
- Understanding hardware
- Using a range of hand and power tools
- Producing manual and CAD Drawings
- Manufacturing Techniques
- Surface Preparation and Finishing
- Understanding Edgebanders and drilling machinery
- Installation and Customisation of Cabinetry Projects
- Understanding CNC Machining in the industry
